

# Aditya Ghodke

B.E.(Artificial Intelligence And Data Science)

**Nashik, Maharashtra | 9922770294 | [adityaaghodke2@gmail.com](mailto:adityaaghodke2@gmail.com) | [LinkedIn](#)**

## Education

---

**P.E.S Modern College Of Engineering, Pune, Shivajinagar**

**2024**

CGPA: 8.15

## Projects

---

### **Blockchain-based Pharmaceutical Supply Chain Management System**

- Developed a blockchain-based system for managing the pharmaceutical supply chain.
- Created an immutable ledger of transactions using blockchain technology.
- Won 2nd prize in a project exhibition for this project.

### **T20 world cup cricket data analysis**

- Created a Power BI report by scraping T20 cricket player data from ESPNcricinfo.
- Utilized the Brightdata website tool for data scraping.
- Employed pandas to clean and transform the scraped data.
- Evaluated player performance metrics to conclude the playing XI in the team.

### **Student Placement Prediction**

- Predicted student job placement based on features such as CGPA, internships, backlogs, gender, and stream, leveraging a dataset of academic records.
- Applied various classification algorithms including XGBoost, Random Forest, and Logistic Regression, and compared their performance using metrics such as accuracy and F1-Score.
- Achieved an accuracy F1-Score of 88% using the Random Forest.

## Achievement

---

- Secured 2nd prize in a college project exhibition for developing an innovative blockchain-based pharmaceutical supply chain management system.

## Skills & abilities

---

- Programming Language: Java and Python
- DBMS: MySQL, Firebase
- Data Structures and Algorithms, OOPs, Problem Solving
